EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Harriet M. Strimpel on June 12, 2006.

The application has been amended as follows:

On page 1, line 11 and page 8, line 12, delete "5'-AGG(Py)TG-3'" and insert therefor "--3'-AGG(Py)TG-5'";

Delete claim 7.

The following is an examiner's statement of reasons for allowance:.

With the instant amendment, the application is ready for allowance. The claims are now limited to DNA encoding the *MmeI* restriction endonuclease and methylase, vectors and host cells containing them and a method of making the two enzyme by using the host cells. This is not found in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
